SPECIALTY PROGRAMMES

sKids Active!

Our dynamic sports programme gets students moving! It also encourages them to participate and helps them develop sports skills.

sKids Active!

- sKids Active includes an exciting range of sports and physical activities.
- The programmes cater for all ages, skill levels and weather conditions.
- Each session focuses on developing life skills through sports skills.
- Students learn the value of well-being and how to achieve it.

sKids Active develops physical skills and gives students the opportunity to discover their favourite sport.

kiwi Kids Education Foundation

We are committed to giving back to our community, which is why we created the Kiwi Kids Education Foundation.

Kiwi Kids Education Foundation is a charity dedicated to giving back to the community in all sorts of ways from supporting a sKids family struggling to put food on the table to donating funds to a fire-damaged school.

More recently, the Foundation gave \$10,000 back to Primary Schools through our FoodStorm Programme. We wanted to take action and help reduce childhood obesity by teaching our kids healthy eating and cooking habits.

Through the Kiwi Kids Education Foundation, little by little, we are changing the world for our kids and their families.

Kia Ora and Welcome to sKids!

We are a family of families dedicated to growing awesome kiwi kids. We offer affordable out of school care to primary school children at our 165+ sKids centres across New Zealand. More than 6,000 tamariki come through our doors each day and we consider it a great privilege to support school communities.

Why sKids?

- Kids love our engaging programmes. They participate in adventurous, creative activities and good old fashioned play.
- Onsite out of school care makes it easier for parents to juggle the demands of parenting and working.
- Your school receives revenue from sKids when we run our programmes from your premises, plus we also give back to our sKids schools and communities through our charitable trust, Kiwi Kids Education Foundation.
- Our staff, many of whom have backgrounds in education or long careers working with children, complete a specialised training programme and are police vetted.
- All sKids centres are MSD OSCAR Approved allowing parents to access the Work & Income OSCAR Subsidy for up to 20 hours per week for Before School and After School Programmes, and up to 50 hours a week for Holiday Programmes.

IN SCHOOL SPECIALTY PROGRAMMES

- We also offer Speciality Programmes including Cooking 'FoodStorm', Sports 'Skids Active' and Music. 'Jellybeans' which we can deliver as part of your curriculum.

IN SCHOOL SPECIALTY PROGRAMMES

Cooking with FoodStorm

Served with loads of fun, this programme teaches students how to cook as well as the fundamentals of nutrition.

Cooking up a storm!

- Cooking is an essential life skill that all children should learn. It's also a great activity to support learning across the curriculum in subjects such as maths, science and reading.
- FoodStorm also teaches students how to make healthy choices - all the recipes have been developed by LittleCooks with support from the New Zealand Heart Foundation.
- Students have fun and gain confidence through developing a new and important skill. It's a proud moment when students can serve up dinner their for friends and family.

FoodStorm equips students with an essential life skill and teaches them how to make healthy food choices.

IN SCHOOL SPECIALTY PROGRAMMES

Jellybeans Music

This engaging series of music lessons is designed to get students enjoying and experiencing music in a cost-effective way. Jellybeans music will introduce your students to music and foster a lifelong love and appreciation of music.

Let's Jam!

- Lessons can be tailored to each group and are led by a skilled music teacher who brings a full set of tuned and untuned percussion instruments including glockenspiels, tambourines, triangles and castanets.
- Age appropriate music written and arranged specifically for primary school age students.
- Children are engaged through singing, dancing, performing on instruments, and listening.

After one term children who participate in Jellybeans will be able to perform as a group two pieces of Jellybeans music well.
