 - Leadership Development

Dream of becoming a
business owner? This can become
a **reality** at sKids with your **own franchise.**

'After finishing my degree in primary education, I looked at sKids as the perfect fit. It allowed me to use all the knowledge I had gained in my teaching to help produce a fun, interactive programme. Working on-site became a great opening in my career as it led to the opportunity of working at the sKids Head Office to utilise my skills behind the scenes.'

Rhianne - Office Administrator

WHAT DOES ALL THIS MEAN WHEN YOU JOIN sKids?

You'll be working in an environment where no two days are the same, elastics one day, building huts the next - the only constant in your day is adventure! When a child suggests an 'out of the box idea' you will say, 'Yes, that's an awesome idea, how can we help? Over time you'll be able to watch children grow and gain confidence, to be a part of their success and to be there for them when they need you.

COMPASSION

Working at the grassroots of communities you come face to face with the every day struggles of kiwi families. Which is why sKids set up the Kiwi Kids Education Foundation. This is sKids very own charity, which gives back to the community in times of need.

KIDS AT HEART

When you operate in a world of dragons, bionic powers and recorder debuts, you can't help but get caught up in it all! Working with kids brings out the inner child in all of us, from the head office team to the staff on-site. It is a very special part of our culture, and something we will always cherish.

"Its about fun, knowing the kids are having fun, learning lifeskills and most importantly seeing smiles on their faces".

Mata - Operations Manager

"At sKids everyday is different. From spending time with the kids, staff members and just having loads of fun. I love that sKids is all about upskilling yourself through the different courses available. sKids is a great stepping stone to build your career".

Paeru - Site Coordinator
